

PK 16002 / PK 18002 - EH

High Performance

PALFINGER CRANE

Even more versatile when combined with cable winch

The PK 16002 *High Performance* combines proven truck-mounted crane technology with innovative refinements that make everyday work easier for the operator in every way. State-of-the-art production technologies are the cornerstone of its precision, quality and reliability. The PK 18002 EH *High Performance* is characterized by its perfect ratio of dead weight to lifting power. Visually appealing and on top technologically, the double knuckle boom crane with Power Link Plus system has all the bells and whistles.
